

2012 Tomato Variety List

Indeterminate: Tomato varieties that blossom and set tomatoes progressively, the harvest lasts for several months. These varieties are best when staked or caged.

Determinate: Tomato varieties that are space-saving or bush type in the garden. Plants blossom and develop tomatoes on the vine at the same time. Tomatoes produced over a 4-6 week period. Best to cage these varieties.

Abe Lincoln—(87 Days) Dark red tomatoes, sweet, solid and meaty. Free from cracks. Indeterminate

Amish Paste—(74-85 Days) *HEIRLOOM* Produces acorn-shaped deep red tomatoes, 8-oz. with thick flesh and few seeds. Indeterminate

Arkansas Traveler—(80-90 Days) *HEIRLOOM* Smooth rose-colored tomatoes, mild flavor, juicy, heat and humidity tolerant, crack and disease resistant. Indeterminate

Baby Cakes Hybrid—(70 Days) A beautiful large red cherry tomato variety with fantastic eating quality. Produces 1 ½" tomatoes, deep red, natural salty flavor. Determinate

Beefmaster Hybrid VFNASt—(80Days) Popular hybrid beefsteak type, good disease resistance, solid, meaty tomatoes up to 2#. Resists cracking. Indeterminate

Beefy Boy Hybrid VFFTSt—(70 Days) Meaty, extra-large main-season beefsteak type with great taste. Solid 12-16 oz. deep red tomatoes. Heavy yields. KSU recommended. Indeterminate

Better Boy Hybrid VFNASt—(75 Days) Great midseason variety, deep red tomatoes up to one pound. Juicy, yet firm tomatoes. Excellent disease resistance. Indeterminate

Better Bush VFFNASt—(68 Days) Compact, short internode growth habit. 4" tomatoes weighing 8-11 oz. Excellent choice for large containers or the small garden. Indeterminate Short Internode

Black Krim—(69 Days) *HEIRLOOM* A most unusual novelty. Tomatoes are dark deep red (almost a shiny black) with heavy green shoulders. Sweet and tasty. Indeterminate

Black Truffle Hybrid—(75 Days) Pear-shaped 6-8 oz. deep burgundy tomatoes with black tones. High sugar, rich flavor, perfect for salads. Indeterminate

Big Beef Hybrid VFFNTAST—(73 Days) Old fashioned rich flavor with bred-in hybrid qualities of large tomato size and yield, uniformity and good disease resistance. Indeterminate

Big Mama—(80 Days) Enormous meaty tomatoes up to 5" x 3", practically seedless, weigh 8 oz., perfect for tasty sauces. Indeterminate

Brandywine—(90-100 Days) *HEIRLOOM* An Amish heirloom variety that dates back to 1885. Plants look like potato vines. Good yields, 1 ½# light rosy pink tomatoes. Indeterminate

Burpee's Big Boy—(78 Days) Large, crack-free tomato with absolute superb flavor. Bright red firm, meaty tomatoes 1# or more. Indeterminate

Bush Early Girl Hybrid VFFNT—(54 Days) Compact, patio-sized variety; huge yields of firm, meaty, flavorful tomatoes. Determinate

Bush Goliath Hybrid VFN—(68 Days) Perfect for the patio gardeners or those with limited space. Grows 3 ½' tall, producing 3-4" tomatoes that are flavorful, and high sugar content. Determinate

Carolina Gold Hybrid VFF—(71 Days) Extra-large yellow-gold tomatoes with deep oblate shape. KSU recommended variety. Vigorous plants. Determinate

Caspian Pink—(80 Days) *HEIRLOOM* This tomato may have a taste that is better than Brandywine! Thin, light red skin, juicy, very flavorful. Indeterminate

Celebrity Hybrid VFFNTASt—(70 Days) All America Selections Award winner. Medium-sized, globe-shaped tomatoes are crack resistant, averaging 7 oz. Recommended by KSU. Determinate

Champion Hybrid VFNT—(62 Days) One of the earliest full-sized tomatoes. Flavorful and prolific producer of 6-8 oz. round tomatoes that are solid, meaty and very sweet. Indeterminate

Cherokee Purple--(80-90 Days) *HERILOOM* Reliable producer of unusual, medium pink-purple tomatoes that appear brown in color. Average 8-12 oz. Flavorful. Indeterminate

Cherry Falls—(60 Days) *NEW* Produces a vigorous cascade of 1" super tasty cherry colored tomatoes. Produces over a long period of time. Good for containers or hanging baskets.

Chocolate Cherry—(70 Days) Extremely flavorful, round 1" tomatoes; tomatoes resist cracking and are dark chocolate red in color. Great for salads. Indeterminate

Cupid Hybrid FAST—(66 Days) *GRAPE TOMATO* A very sweet tasting 1" tomato that resists cracking and hold up well after harvest. Indeterminate

Early Cascade Hybrid VASt—(50 Days) Strong cascading plants produce clusters of smooth, red 4 oz. tomatoes all summer. Fine flavor, easy peeling for canning. Indeterminate

Early Girl Hybrid VFF—(57 Days) Meaty, tasty 4-6 oz. tomatoes that have a firm texture, blemish resistant skin. Heavy yields. Indeterminate

Early Goliath Hybrid VFFNTASt—(58 days) Tomato with superb size, perfect shape, continuous production, luscious flavor and broad disease resistance. Indeterminate

Fantastic Hybrid VF—(65 Days) Globe-shaped, scarlet red, 3 ½” medium-sized tomatoes are almost crack-free. Rich beefsteak flavor, heavy yields, excellent for canning. Indeterminate

Fourth of July—(49 Days) Tasty tomatoes, big enough for slicing, juicy yet firm. Perfect for summer picnics. Size is 2 ½” across. Indeterminate

Fresh Salsa Hybrid—(65-75 Days) Ideal tomato for tasty salsas, bruschetta and light sauces. Chopped into tiny cubes it remains firm and solid. Sweet, plum-shaped tomatoes. Determinate

German’s Johnson—(80 Days) *HEIRLOOM* Large rough tomatoes, averaging 1 ½# with pink skin and yellow shoulder. Very mild, low acid, meaty, heavy yields. Indeterminate

Giant Belgium—(80 Days) *HEIRLOOM* Huge, sweet tomatoes average one to two pounds; dark pink, low acid, mild flavor, very solid. Solid meat and size means one slice per sandwich. Indeterminate

Goliath Hybrid VFFAST—(65 Days) Smooth bright-red, deep oblate tomatoes averaging 10-15 oz. with sweet luscious flavor, high yields. Indeterminate

Health Kick Hybrid VFFAST—(72 Days) The perfect saladette variety—fine flavored, juicy plum-shaped tomatoes. Has 50% more lycopene content. High yields. Determinate

Husky Cherry Red Hybrid VFA—(65 Days) All season long production of 1” tomatoes with excellent flavor. Perfect for small spaces or large containers. Determinate

Jet Star Hybrid VF—(70 Days) Prolific producer of big, globe-shaped tomatoes. Excellent flavor with low acidity. Recommended by KSU. Very good crack resistance. Indeterminate
