

Our Favorite Seed Annuals

Marcia's Top Five Seed Annuals

Black Pearl Ornamental Pepper—Height 14-18"; Spread 12-16" SUN
Attractive black-purple leafed ornamental pepper.
Lavender flowers that turn into shiny, round black peppers. Fiery hot taste.

Pentas – Butterfly series—Height 18-24"; Spread 10-18" SUN
Long blooming; beautiful star-shaped flowers on umbels 3" across.
Attract butterflies, bees and hummingbirds. Very tolerant of heat and humidity.

Profusion Zinnias—Height 10-12"; Spread 12-15" SUN
Easy, continuous blooming plants that do well in high heat and humidity.
Both double and single flowers available in colors of orange, pink, white & yellow.
No need to dead-head; mildew resistant.

Purple Knight Alternanthera—Height 18-36"; Spread 24-36" SUN
Dark purple foliage that is an attractive addition to mixed containers or in the garden..
Very tolerant of heat and humidity.

Serena Angelonia—Height 10-12"; Spread 12-14" SUN
Plants are well-branched, continuous flowering all summer. Easy, no-deadheading.
Beautiful in a mixed container, in flower garden or just a container by themselves.
Heat tolerant.

Homer's Top Five Seed Annuals

Basil—This is the smell of summer and it's good to nibble as you walk past.
SUN Height 1-3'; Spread 1-3'

Eucalyptus—Beautiful silver grey leaves with a great scent.
SUN Height 2-3'; Spread 2'

Heliotrope—It smells good! Heliotrope doesn't like the heat, so enjoy it in spring.
SUN Height 12-15"; Spread 12-15"

Lavender—It smells good, it's great to touch!
May as well be an annual, if you have clay soil try growing in a pot.
SUN Height 12-15"; Spread 12-15"

Nasturtium—Nasturtiums usually won't last all summer unless it's cooler.
Flowers can be orange, yellow or red. It's another good nibbler plant.
SUN Height 10-12"; Spread 10-12"

Brian's Top Five Seed Annuals

Blue Victoria Salvia–Non-stop flower power!

This plant blooms all summer whether you dead head or not.

Height 12-18"; Spread 12-18"

SUN

Graffiti Red Lace Penta–Popular with butterflies, this plant loves heat and humidity.

Height 12-18"; Spread 12-18"

SUN

Prairie Sun Rudbeckia–Large golden flowers with a pale center.

Great long lasting cut flower. Requires dead-heading.

Height 18-24"; Spread 18-24"

SUN

Red Shield Hibiscus–If you need a plant fence, this is it. Beautiful burgundy foliage.

Height 4-5'; Spread 4-5'

SUN

Serena Angelonia–Commonly called the summer snapdragon. Loves the heat!

Height 10-12"; Spread 12-14"

SUN

Jozie's Top Five Seed Annuals

Benary Giant Zinnia–Blooming all season in the bright colors of summer!

Great cut flower.

Height 3-5'; Spread 2-3'

SUN

With afternoon shade and deadheading, it will bloom all season.

Height 10-12"; Spread 10-12"

PART SUN

Fennel – This is a little used herb, but very much loved by the butterflies.

Great seeding potential so use supreme caution!

Height 3-4'; Spread 3-4'

SUN

Purple Majesty Millet–Birds love this plant! Burgundy foliage and fuzzy heads.

Height 2-3'; Spread 2-3'

SUN

Succulents– Amazing diversity of color, form and texture.

Height 2"-3'; Spread 2"-3'

PART SUN

Roy's Top Five Seed Annuals

Accent Impatiens—Non-stop color in the shade. Moist soil a must!

Height 18-24"; Spread 18-24"

SHADE

Bonanza Bolero Marigold—A true summer performer. Bright and cheery.

Height 12-14"; Spread 12-14"

SUN

Cora Vinca—The largest flowers around; thrives in the heat and humidity.

Great in the garden or perfectly happy in a container.

Height 12-14"; Spread 12-14"

SUN

Red Hot Sally Salvia—A winning red in a sea of pink. True and true!

Don't forget to take your scissors with you to visit Sally; she'll thank you in flowers.

Height 12-14"; Spread 12-14"

SUN

Tidal Wave Hot Pink Petunia—How about a shrub form of petunia?

Hot bright pink flowers all summer long; great in the garden or in a large container.

Height 12-18"; Spread 18-24"
